

# HIGH POINT COMMUNITY **EMERGENCY SIREN** WARNING GUIDE

## TORNADO WARNING

In the event of a "Tornado" emergency, as issued by NOAA:

**Emergency Siren** will sound for one minute, then off for thirty seconds, then repeat the above cycle until the tornado emergency is clear, then the **Emergency Siren** will sound for a short blast to give the ALL CLEAR.

## MANDATORY EVACUATION

In the event of a "Mandatory Evacuation" of High Point, as issued by the Hernando County Emergency Management:

**Emergency Siren** will sound for three minutes, then off for one minute, then repeat the above cycle for a duration of fifteen minutes. The **Emergency Siren** will then rest for five minutes, then repeat the above cycle for a mandatory evacuation.

Our High Point Mobile Patrol will be going through the community announcing the mandatory evacuation and shelter location.

EMERGENCY: CALL 911  
HERNANDO COUNTY EMERGENCY MANAGEMENT: 352-754-4083

NOTE: **Emergency Siren** tested weekly on Friday's at Noon
